# Omnia Group

**Summary**

Omnia Group needed a solution to know, track and manage the local, provincial and national laws across 44 of their sites. The business wanted a robust legal register solution that would notify them when their relevant laws changed to save the legal team's time and ensure compliance.

"Previously Omnia Group would have printed out Acts to search for their legal requirements, but now it is all automated and tracked, giving the business peace of mind, clarity and certainty to legal and compliance matters."

Hanlie Hattingh, Compliance Manager (SHERQ)

# Omnia Group | Chemicals

5000+ Employees

44 Libryo Streams

687 Laws

5636 Sections of Law

Legal Categories:
Environmental
Health and Safety
Quality

## Challenges:

- Omnia is a diversified chemicals group that supplies specialized services and solutions for the agriculture, mining and chemical application industries.
- The business had a legal register solution in place but needed something more robust and tailored to its 44 sites
- Wanted to filter their Safety, Health, Environment, Risk and Quality (SHERQ) laws on a site-by-site basis, delivering only the regulations relevant to each team operating in that jurisdiction
- Wanted a solution that would bring greater efficiencies, from finding the regulations to faster interpretation
- Required the ability to see associated penalties for non-compliance in that jurisdiction
- Needed to integrate seamlessly with a Government Risk & Compliance (GRC) solution

## Solution:

- **Libryo Requirements** – Digital, customized legal registers configured to twenty operational sites
- **Libryo Updates** – Platform and email notifications of any legal updates to be aware of and address
- **Libryo Tasks** – Stay on top of compliance to-do lists, set compliance-related actions and plan ahead
- **Libryo Drives** – Store your compliance documents centrally for easy access and referencing during audits

## Benefits:

- Now Omnia can easily manage its ongoing legal obligations
- Libryo demonstrated the ability to easily integrate with other modules and systems such as IsoMetrix, an integrated risk management solution
- Enables a complete end-to-end compliance management solution
- Users can dive deeper into the law and its requirements for all of Omnia's 44 sites
- Each operation has it's applicable national, provincial and local laws hosted as Libryo Streams, which are tracked for changes
- Legal updates are never missed with instant platform and email notifications
- Whenever regulation changes, users and managers of each site are notified and can see how to remain compliant
- Teams can use the intuitive search feature to quickly find related compliance topics, Acts and standards (SANS Codes) without trawling through every regulation.
- Legal documents and laws are linked for quick referencing, saving users time to spend on their daily tasks
- Users can also interpret regulations with ease, as Libryo offers plain language highlights, helping people quickly understand what the law requires of them
- Customers have 24/7 access to support through live chat and a Success Portal for training and articles ensuring that every user makes the most of the platform
